**Skin Protection:**

Wear protective clothing.

**General Protective and Hygienic Measures**

The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin.

**Respiratory Protection:**

Use NIOSH-approved respirator if there is potential to exceed exposure limits.

**Protection of Hands:**

Wear impervious gloves. Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.
